## Introducing Text With History: The Next Evolution in Interactive Learning from the Makers of Text With Jesus

*New Mobile App Allows Users to Engage in Real-Time Conversations with Historical Figures*

LOS ANGELES, CA – September 13, 2023 – Catloaf Software LLC, a frontrunner in mobile educational applications, is excited to unveil its latest innovation, "Text With History." Following the monumental success of "Text With Jesus," which received widespread media coverage from outlets like The Washington Post, CNN, Business Insider and the BBC, this new app aims to revolutionize the way we engage with history.

**Text With History** utilizes cutting-edge AI technology, powered by the ChatGPT language model, to bring to life conversations with a wide range of historical figures such as Cleopatra, Napoléon, Lincoln, Mandela, and many more. Users can engage in real-time text dialogues, gaining unparalleled insights into the lives and minds of these iconic individuals.

### Features of Text With History

- **Chat with Famous Politicians, Scientists, Artists, and World Leaders:** The app includes a wide range of historical figures from across the world and spanning many eras.
- **Fun and Educational:** Dive into the minds of the greats and gain new perspectives on history.
- **Covers Many Eras:** Explore history from the ancient world to the modern day.
- **Share With Friends:** Share your favorite conversations straight from the app.

### The Legacy of Text With Jesus

The launch of "Text With History" comes on the heels of the highly successful "Text With Jesus" app, which garnered international attention and was featured in major media outlets like The Washington

Post, CNN, and Business Insider. The app offered a groundbreaking way for Christians to engage with biblical figures, deepening their faith and understanding of scripture. Its success has set a high standard for interactive educational apps, making "Text With History" one of the most anticipated releases of the year.

**Stéphane Peter, the CEO of Catloaf Software LLC**, says, "With Text With Jesus, we offered a new dimension to faith-based learning. Now, we're expanding that vision to encompass history. Our goal is to make historical narratives as immediate and personal as we did with biblical stories."

**Text With History** is not just an individual learning tool; it's a communal experience. The app serves as an invaluable resource for educators, history buffs, and book clubs, encouraging discussions, debates, and critical thinking.

Now available for free download on Apple platforms, **Text With History** boasts a sleek, user-friendly interface. It is an accessible and engaging tool for anyone looking to deepen their understanding of history and foster meaningful conversations.
